

HAYGAIN® Forager™

Capacity of 25lbs/12kgs

Can feed horses as small as 10 hands

Height: 28" (72 cm)

Diameter: 27" (70 cm)

Meet Forager

- 1 Robust Construction:**
Durable, innovative, and horse-friendly design.
- 2 Regulation of Eating Speed:**
The Forager slows down eating without causing frustration for the horse.
- 3 Time and Cost Savings:**
Thanks to the clean separation of forage and bedding.
- 4 Includes 2 Interchangeable Forage Regulators:**
Easy – white, and Standard – green.
- 5 Easy Handling:**
Empty weight: 15 kg.

SLOW FEEDER: FEED AT A NATURAL PACE

ENCOURAGES A NATURAL EATING POSITION

Supports Stomach Health – promotes digestion by slowing down the intake of forage.

Supports the Health of the Musculoskeletal System (unlike hay nets).

Ideal for wet/steamed hay.

IMPROVES STABLE MANAGEMENT:

Keeps hay dust-free and away from the ground & urine.

Easier cleaning of the stable.

Less hay loss – The feed mixes less with the bedding.
